Dear Mrs. Huston,

Yesterday we mailed you a box of books about Canada and Australia. When I checked thru the bunch of Geographics which you'd sent back with Joe I found two which might possibly have something in them that would be useful. I included them in the box. There's very little material available on Australia. The students are using, I suppose the encyclopedia that are there.

Regarding your request for the records SONATAS IMPROMPTU - we do not have it. It is not on the list of this year's 4-H club music for listening. You have 2 45 records, I believe. We are going to need them for next week, so will you please mail them back to us. Heavy padding of newspaper or cardboard and tightly wrapped should carry them all right.

We now have all the 4 records listed for this year's 4-H listening program. LA COLOMBRINA, HUNGARIAN DANCE #6, AND POMP AND CIRCUMSTANCE are all in the 45 records. FANTAISIE IMPROMPTU is an L.P.

Sincerely,

Elizabeth B. Hage
